This report is submitted for the general information of the shareholders of Waddell & Reed Advisors Funds. It is not authorized for distribution to prospective investors in the Funds unless preceded or accompanied by a current Waddell & Reed Advisors Funds prospectus, or summary prospectus, and current performance information, including current Lipper ranking information.

Henry J. Hermann, CFA

Dear Shareholder,

In the six months since our last report to you, the U.S. remained the bright spot across a global economy otherwise challenged by sluggish growth and rising geopolitical tensions.

The U.S. economy recorded gross domestic product (GDP) growth of nearly 4% in the third calendar quarter of 2014, and estimates are that growth was relatively strong in the fourth calendar quarter. U.S. stocks responded favorably to signs that the six-year economic expansion was self-sustaining. Broad market indexes surpassed previous record highs. Volatility remained, however, as concern continued around global economic growth, geopolitical developments and a dramatic fall in oil prices.

In the fixed income markets, yields on investment-grade securities remained at exceptionally low levels with the benchmark 10-year Treasury closing calendar 2014 yielding 2.17%.

Looking ahead, the behavior of the oil market will likely be one of the key stories for 2015. While low oil prices are good for the consumer and have the potential to boost economic growth, they also present challenges. For example, high-yield bonds were hit by concerns late in the year that low oil prices could boost defaults in the energy industry. Other areas of concern include the challenges facing the European economy and a slowdown in China's growth.

Overall, we expect the U.S. economy will continue to improve. We believe the U.S. is stronger than most of its global counterparts and that U.S. stocks appear to offer investors the best opportunity for positive returns. Corporate earnings are expected to rise, inflation to remain low and the jobs picture to continue to improve. All of this provides a positive backdrop for stocks. The Federal Reserve seems likely to take its time raising interest rates as it weighs the strength of improvement in the economy.

Economic Snapshot

	12/31/2014	6/30/2014
S&P 500 Index	2,058.90	1,960.23
MSCI EAFE Index	1,774.89	1,972.12
10-Year Treasury Yield	2.17%	2.53%
U.S. unemployment rate	5.60%	6.10%
30-year fixed mortgage rate	3.99%	4.30%
Oil price per barrel	\$ 53.27	\$ 105.37

Sources: Bloomberg, U.S. Department of Labor, MBA, CME

All government statistics shown are subject to periodic revision. The S&P 500 Index is an unmanaged index that tracks the stocks of 500 primarily large-cap U.S. companies. MSCI EAFE Index is an unmanaged index comprised of securities that represent the securities markets in Europe, Australasia and the Far East. It is not possible to invest directly in any of these indexes. Mortgage rates are from BankRate and reflect the overnight national average rate on a conventional 30-year fixed loan. Oil prices reflect the market price of West Texas intermediate grade crude.

As always, we will continue to closely monitor these and other economic developments in the months ahead.

Sincerely,

A handwritten signature in dark ink that reads "Henry J. Hermann".

Henry J. Herrmann, CFA
President

The opinions expressed in this letter are those of the President of the Waddell & Reed Advisors Funds and are current only through the end of the period of the report, as stated on the cover. The President's views are subject to change at any time, based on market and other conditions, and no forecasts can be guaranteed.

ILLUSTRATION OF FUND EXPENSES

Waddell & Reed Advisors Funds

(UNAUDITED)

As a shareholder of a Fund, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, exchange fees and account fees; and (2) ongoing costs, including management fees, distribution and service fees, and other Fund expenses. The following table is intended to help you understand your ongoing costs (in dollars) of investing in a Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the six-month period ended December 31, 2014.

Actual Expenses

The first section in the following table provides information about actual account values and actual expenses for each share class. You may use the information in this section, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, a \$7,500 account value divided by \$1,000 = 7.5), then multiply the result by the number in the first section under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period. There may be additional fees charged to holders of certain accounts that are not included in the expenses shown in the table. These fees apply to Individual Retirement Accounts (IRAs), IRA Rollovers, Roth IRAs, Conversion Roth IRAs, Simplified Employee Pension (SEP), Savings Incentive Match Plan for Employees (SIMPLE) IRAs, Tax-Sheltered Accounts (TSAs), Keogh Plans, Owner Only 401(k) (Exclusive K) Plans and Final Pay Plans. As of the close of the six months covered by the table, a customer is charged an annual fee of \$18 within each plan type. This fee is waived for IRA Rollovers and Conversion Roth IRAs if the customer owns another type of IRA. Coverdell Education Savings Account plans are charged an annual fee of \$10 per customer. With limited exceptions, for Class A and Class C shares, if your Fund account

balance is below \$650 at the close of business on the Friday prior to the last week of September each year, the account will be assessed an account fee of \$20. You should consider the additional fees that were charged to your Fund account over the six-month period when you estimate the total ongoing expenses paid over the period and the impact of these fees on your ending account value as such additional expenses are not reflected in the information provided in the following table. Additional fees have the effect of reducing investment returns.

Hypothetical Example for Comparison Purposes

The second section in the following table provides information about hypothetical account values and hypothetical expenses for each share class based on the Fund's actual expense ratio and an assumed rate of return of five percent per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this five percent hypothetical example with the five percent hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), exchange fees or account fees. Therefore, the second section in the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Expenses paid may be impacted by expense reduction arrangements. If those arrangements had not been in place, expenses paid would have been higher. See Note 7 to the Financial Statements for further information.

*Fund expenses for each share class are equal to the Fund's annualized expense ratio for each share class (provided in the table), multiplied by the average account value over the period, multiplied by 184 days in the six-month period ended December 31, 2014, and divided by 365.

**These class shares are not available for direct investment. However, they are available for dividend reinvestment and exchange of the same class shares of another Waddell & Reed Advisors Fund or Ivy Fund.

(1) This section uses the Fund's actual total return and actual Fund expenses. It is a guide to the actual expenses paid by the Fund in the period. The "Ending Account Value" shown is computed using the Fund's actual return and the "Expenses Paid During Period" column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Fund. A shareholder may use the information here, together with the dollar amount invested, to estimate the expenses that were paid over the period. For every thousand dollars a shareholder has invested, the expenses are listed in the last column of this section.

(2) This section uses a hypothetical five percent annual return and actual Fund expenses. It helps to compare the Fund's ongoing costs with other mutual funds. A shareholder can compare the Fund's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

The above illustrations are based on ongoing costs only and does not include any transactional costs, such as sales loads or exchange fees.

SCHEDULE OF INVESTMENTS

Accumulative Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

Notes to Schedule of Investments

(A) All or a portion of securities with an aggregate value of \$40,979 are held in collateralized accounts to cover potential obligations with respect to outstanding written options.

(B) No dividends were paid during the preceding 12 months.

(C) Rate shown is the yield to maturity at December 31, 2014.

(D) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following written options were outstanding at December 31, 2014 (contracts and exercise prices unrounded):

Underlying Security	Counterparty, if OTC	Type	Number of Contracts	Expiration Month	Exercise Price	Premium Received	Value
Apple, Inc.	N/A	Call	250	January 2015	\$120.00	\$ 22	\$ (10)

Mead Johnson Nutrition Co.	N/A	Call	14	January 2015	110.00	2	—*
Salix Pharmaceuticals Ltd.	N/A	Call	18	January 2015	130.00	5	(1)
						<u>\$332</u>	<u>\$(218)</u>

The following table is a summary of the valuation of the Fund's investments by the fair value hierarchy levels as of December 31, 2014. See Note 3 to the Financial Statements for further information regarding fair value measurement.

	Level 1	Level 2	Level 3
Assets			
Investments in Securities			
Common Stocks	\$1,330,607	\$ —	\$—
Purchased Options	676	—	—
Short-Term Securities	—	41,250	—
Total	<u>\$1,331,283</u>	<u>\$41,250</u>	<u>\$—</u>
Liabilities			
Written Options	\$ 218	\$ —	\$—

During the period ended December 31, 2014, there were no transfers between Level 1 and 2.

The following acronyms are used throughout this schedule:

ADR = American Depositary Receipts

GTD = Guaranteed

OTC = Over the Counter

See Accompanying Notes to Financial Statements.

Notes to Schedule of Investments

*Not shown due to rounding.

(A) Listed on an exchange outside the United States.

(B) No dividends were paid during the preceding 12 months.

(C) Deemed to be an affiliate due to the Fund owning at least 5% of the voting securities.

(D) Restricted securities. At December 31, 2014, the Fund owned the following restricted securities:

Security	Acquisition Date(s)	Shares	Cost	Market Value
Delta Topco Ltd.	1–23–12 to 5–1–12	104,001	\$ 53,710	\$ 74,754
Legend Pictures LLC	12–18–12	22	41,637	35,676
Media Group Holdings LLC, Series H	4–23–13	73	50,896	42,157
Media Group Holdings LLC, Series I	4–23–13	43	23,835	24,106
Media Group Holdings LLC, Series T	4–23–13	9	18,226	16,258
Principal				
Delta Topco Ltd., 10.000%, 11-24-60	1–23–12 to 6–18–12	\$ 87,217	88,116	87,217
			\$276,420	\$280,168

The total value of these securities represented 8.4% of net assets at December 31, 2014.

(E) Investment is owned by an entity that is treated as a corporation for U.S. tax purposes and is owned by the Fund and consolidated as described in Note 6 of the Notes to Financial Statements.

(F) All or a portion of securities with an aggregate value of \$47 are held in collateralized accounts for OTC derivatives collateral as governed by International Swaps and Derivatives Association, Inc. Master Agreements.

CONSOLIDATED SCHEDULE OF INVESTMENTS

Asset Strategy Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

(G) All or a portion of securities with an aggregate value of \$73,461 are held in collateralized accounts to cover potential obligations with respect to outstanding written options.

(H) Payment-in-kind bonds.

(I) Securities were purchased pursuant to Rule 144A under the Securities Act of 1933 and may be resold in transactions exempt from registration, normally to qualified institutional buyers. At December 31, 2014 the total value of these securities amounted to \$12,829 or 0.4% of net assets.

(J) Zero coupon bond.

(K) Interest-only security. Amount shown as principal represents notional amount for computation of interest.

(L) Rate shown is the yield to maturity at December 31, 2014.

(M) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following forward foreign currency contracts were outstanding at December 31, 2014:

	Currency to be Delivered		Currency to be Received	Settlement Date	Counterparty	Unrealized Appreciation	Unrealized Depreciation
Japanese Yen	302,961	U.S. Dollar	2,560	1-14-15	Citibank N.A.	\$ 31	\$ —
Japanese Yen	2,028,297	U.S. Dollar	17,127	1-14-15	Morgan Stanley International	192	—
						<u>\$223</u>	<u>\$ —</u>

The following written options were outstanding at December 31, 2014 (contracts and exercise prices unrounded):

Underlying Security	Counterparty, if OTC	Type	Number of Contracts	Expiration Month	Exercise Price	Premium Received	Value

CONSOLIDATED SCHEDULE OF INVESTMENTS

Asset Strategy Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

During the period ended December 31, 2014, securities totaling \$396,113 were transferred from Level 1 to Level 2. These transfers were the result of fair value procedures applied to international securities due to significant market movement of the S&P 500 on December 31, 2014.

The following table is a reconciliation of Level 3 investments for which significant unobservable inputs were used to determine fair value:

	Common Stocks	Corporate Debt Securities	Loans
Beginning Balance 6-30-14	\$243,481	\$134,028	\$ 22,858
Net realized gain (loss)	—	—	246
Net change in unrealized appreciation (depreciation)	(33,847)	—*	(1,107)
Purchases	—	—	—
Sales	(16,683)	—	(22,000)
Amortization/Accretion of premium/discount	—	—	3
Transfers into Level 3 during the period	—	—	—
Transfers out of Level 3 during the period	—	(46,811)	—
Ending Balance 12-31-14	\$192,951	\$ 87,217	\$ —
Net change in unrealized appreciation (depreciation) for all Level 3 investments still held as of 12-31-14	\$ (33,847)	\$ —*	\$ —

Transfers from Level 2 to Level 3 occurred primarily due to the lack of observable market data due to decreased market activity or information for these securities. Transfers from Level 3 to Level 2 occurred primarily due to the increased availability of observable market data due to increased market activity or information. As shown above, transfers in and out of Level 3 represent the values as of the beginning of the reporting period.

Information about Level 3 fair value measurements:

	Fair Value at 12-31-14	Valuation Technique(s)	Unobservable Input(s)	Input Value(s)
Assets				
Common Stocks	\$176,693	Discounted cash flows model	Long-term growth rate	2.5%
			Weighted average cost of capital	8.3 to 15%
			Illiquidity discount	2.5 to 10%
	16,258	Transaction	Price	\$1,982
			Illiquidity discount	10%
Corporate Debt Securities	\$ 87,217	Discounted cash flows model	Long-term growth rate	2.5%
			Weighted average cost of capital	8.3%
			Illiquidity discount	10%

Significant increase in long-term growth rate inputs could result in a higher fair value measurement. However, significant increase in weighted average cost of capital or illiquidity discount inputs could result in a lower fair value measurement.

The following acronyms are used throughout this schedule:

ADR = American Depositary Receipts
 CMO = Collateralized Mortgage Obligation
 GTD = Guaranteed
 OTC = Over the Counter
 REMIC = Real Estate Mortgage Investment Conduit

Country Diversification

(as a % of net assets)

United States	58.9%
United Kingdom	7.4%
Macau	3.9%
Hong Kong	3.2%
China	3.1%
Germany	1.1%
Other Countries	2.3%
Other+	20.1%

+Includes gold bullion, options, cash and cash equivalents and other assets and liabilities

See Accompanying Notes to Financial Statements.

Notes to Schedule of Investments

(A) No dividends were paid during the preceding 12 months.

(B) Securities were purchased pursuant to Rule 144A under the Securities Act of 1933 and may be resold in transactions exempt from registration, normally to qualified institutional buyers. At December 31, 2014 the total value of these securities amounted to \$85,353 or 5.9% of net assets.

(C) Rate shown is the yield to maturity at December 31, 2014.

(D) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

SCHEDULE OF INVESTMENTS

Continental Income Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

The following table is a summary of the valuation of the Fund's investments by the fair value hierarchy levels as of December 31, 2014. See Note 3 to the Financial Statements for further information regarding fair value measurement.

	Level 1	Level 2	Level 3
Assets			
Investments in Securities			
Common Stocks	\$992,164	\$ —	\$ —
Corporate Debt Securities	—	320,782	10,493
United States Government Agency Obligations	—	3,739	—
United States Government Obligations	—	12,941	—
Short-Term Securities	—	109,877	—
Total	<u>\$992,164</u>	<u>\$447,339</u>	<u>\$10,493</u>

During the period ended December 31, 2014, securities totaling \$4,204 were transferred from Level 2 to Level 3 due to decreased availability of observable market data due to decreased market activity or information for these securities. There were no transfers between Level 1 and 2 during the period.

The following acronyms are used throughout this schedule:

ADR = American Depositary Receipts

GTD = Guaranteed

REIT = Real Estate Investment Trust

See Accompanying Notes to Financial Statements.

Notes to Schedule of Investments

(A) No dividends were paid during the preceding 12 months.

(B) Securities were purchased pursuant to Rule 144A under the Securities Act of 1933 and may be resold in transactions exempt from registration, normally to qualified institutional buyers. At December 31, 2014 the total value of these securities amounted to \$4,719 or 0.8% of net assets.

(C) Rate shown is the yield to maturity at December 31, 2014.

(D) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following forward foreign currency contracts were outstanding at December 31, 2014:

	Currency to be Delivered		Currency to be Received	Settlement Date	Counterparty	Unrealized Appreciation	Unrealized Depreciation
British Pound	15,600	U.S. Dollar	24,464	1-14-15	Morgan Stanley International	\$ 151	\$—
Euro	60,155	U.S. Dollar	74,757	1-14-15	Morgan Stanley International	1,959	—
						<u>\$2,110</u>	<u>\$—</u>

SCHEDULE OF INVESTMENTS

Global Growth Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

The following table is a summary of the valuation of the Fund's investments by the fair value hierarchy levels as of December 31, 2014. See Note 3 to the Financial Statements for further information regarding fair value measurement.

	Level 1	Level 2	Level 3
Assets			
Investments in Securities			
Common Stocks			
Consumer Discretionary	\$ 47,792	\$ 67,969	\$4,719
Consumer Staples	—	29,500	—
Energy	14,486	8,181	—
Financials	—	38,424	—
Health Care	67,753	44,358	—
Industrials	35,544	45,145	—
Information Technology	67,471	36,247	—
Materials	—	6,078	—
Telecommunication Services	10,847	11,477	—
Total Common Stocks	\$243,893	\$287,379	\$4,719
Short-Term Securities	—	58,014	—
Total	\$243,893	\$345,393	\$4,719
Forward Foreign Currency Contracts	\$ —	\$ 2,110	\$ —

During the period ended December 31, 2014, securities totaling \$302,746 were transferred from Level 1 to Level 2. These transfers were the result of fair value procedures applied to international securities due to significant market movement of the S&P 500 on December 31, 2014.

The following acronyms are used throughout this schedule:

ADR = American Depositary Receipts

GTD = Guaranteed

Notes to Schedule of Investments

(A) No dividends were paid during the preceding 12 months.

(B) Listed on an exchange outside the United States.

(C) Deemed to be an affiliate due to the Fund owning at least 5% of the voting securities.

(D) Warrants entitle the Fund to purchase a predetermined number of shares of common stock and are non-income producing. The purchase price and number of shares are subject to adjustment under certain conditions until the expiration date, if any.

(E) Rate shown is the yield to maturity at December 31, 2014.

(F) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following written options were outstanding at December 31, 2014 (contracts and exercise prices unrounded):

SCHEDULE OF INVESTMENTS

Small Cap Fund *(in thousands)*

DECEMBER 31, 2014 (UNAUDITED)

Notes to Schedule of Investments

(A) No dividends were paid during the preceding 12 months.

(B) Rate shown is the yield to maturity at December 31, 2014.

(C) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following total return swap agreements were outstanding at December 31, 2014:

Counterparty	Number of Shares	Underlying Security	Termination Date	Notional Amount	Financing Fee ⁽¹⁾	Unrealized Appreciation
JPMorgan Chase Bank N.A.	252,588	Biotech Custom Index	09/09/2015	\$27,214	1M LIBOR less 50 bps	\$1,248

(1) The Fund pays the financing fee multiplied by the notional amount each month. On the termination date of the swap contracts, the Fund will pay/receive the return of the underlying security.

The following table is a summary of the valuation of the Fund's investments by the fair value hierarchy levels as of December 31, 2014. See Note 3 to the Financial Statements for further information regarding fair value measurement.

BEFORE-AND AFTER-TAX RETURNS

Tax-Managed Equity Fund

ALL DATA IS AS OF DECEMBER 31, 2014 (UNAUDITED)

Before- and After-Tax Returns ⁽¹⁾	1-year period ended 12-31-14	5-year period ended 12-31-14	10-year period ended 12-31-14
Class A			
Before Taxes	5.42%	12.70%	8.65%
After Taxes on Distributions	3.70%	11.77%	8.20%
After Taxes on Distributions and Sale of Fund Shares	4.46% ⁽²⁾	10.13%	7.07%
Class B⁽⁴⁾			
Before Taxes	6.81%	12.82%	8.47%
After Taxes on Distributions	4.75%	11.83%	8.02%
After Taxes on Distributions and Sale of Fund Shares	5.52% ⁽²⁾	10.23%	6.91%
Class C			
Before Taxes	10.89%	13.04%	8.29%
After Taxes on Distributions	8.83%	12.04%	7.81%
After Taxes on Distributions and Sale of Fund Shares	7.83% ⁽²⁾	10.41%	6.76%
Russell 1000 Growth Index⁽³⁾	13.05%	15.81%	8.49%

(1) Data quoted is past performance and is based on deduction of the maximum applicable sales load for each of the periods. Current performance may be lower or higher. Past performance is no guarantee of future results. Investment return and principal value of an investment will fluctuate and shares, when redeemed, may be worth more or less than their original cost. Please visit www.waddell.com for the Fund's most recent month end performance. Class A shares carry a maximum front-end sales load of 5.75%. Class B and Class C shares carry a maximum contingent deferred sales charge (CDSC) of 5% and 1%, respectively (Accordingly, the Class C shares reflect no CDSC since it only applies to Class C shares redeemed within twelve months after purchase).

(2) After-tax returns may be better than before-tax returns due to an assumed tax benefit from losses on a sale of the Fund's shares at the end of the period.

(3) Reflects no deduction for fees, expenses or taxes.

(4) Class B shares are not currently available for direct investment. However, they are available for dividend reinvestment and exchange of the same class shares of another Waddell & Reed Advisors Fund or Ivy Fund.

The table above shows average annual returns on a before-tax and after-tax basis. Returns Before Taxes shows the actual change in the value of the Fund shares over the periods shown, but does not reflect the impact of taxes on Fund distributions or the sale of Fund shares. The two after-tax returns take into account taxes that may be associated with owning Fund shares. Returns After Taxes on Distributions is the Fund's actual performance, adjusted by the effect of taxes on distributions made by the Fund during the period shown. Returns After Taxes on Distributions and Sale of Fund Shares is further adjusted to reflect the tax impact on any change in the value of Fund shares as if they had been sold on the last day of the period.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts, or to shares held by non-taxable entities.

Notes to Schedule of Investments

(A) No dividends were paid during the preceding 12 months.

(B) Rate shown is the yield to maturity at December 31, 2014.

(C) Variable rate security. Interest rate disclosed is that which is in effect at December 31, 2014. Date shown represents the date that the variable rate resets.

The following table is a summary of the valuation of the Fund's investments by the fair value hierarchy levels as of December 31, 2014. See Note 3 to the Financial Statements for further information regarding fair value measurement.

	Level 1	Level 2	Level 3
Assets			
Investments in Securities			
Common Stocks	\$1,407,621	\$ —	\$ —
Short-Term Securities	—	25,783	—
Total	<u>\$1,407,621</u>	<u>\$25,783</u>	<u>\$ —</u>

During the period ended December 31, 2014, there were no transfers between Level 1 and 2.

The following acronym is used throughout this schedule:

ADR = American Depositary Receipt

See Accompanying Notes to Financial Statements.

See Accompanying Notes to Financial Statements.

1. ORGANIZATION

Waddell & Reed Advisors Funds, a Delaware statutory trust (the "Trust"), is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. Waddell & Reed Advisors Accumulative Fund, Waddell & Reed Advisors Asset Strategy Fund, Waddell & Reed Advisors Continental Income Fund, Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors Dividend Opportunities Fund, Waddell & Reed Advisors Energy Fund, Waddell & Reed Advisors Global Growth (formerly known as Waddell & Reed Advisors International Growth Fund), Waddell & Reed Advisors New Concepts Fund, Waddell & Reed Advisors Science and Technology Fund, Waddell & Reed Advisors Small Cap Fund, Waddell & Reed Advisors Tax-Managed Equity Fund, Waddell & Reed Advisors Value Fund and Waddell & Reed Advisors Vanguard Fund (each, a "Fund") are 13 series of the Trust and are the only series of the Trust included in these financial statements. The investment objective(s), policies and risk factors of each Fund are described more fully in the Prospectus and Statement of Additional Information ("SAI"). The investment manager to each Fund is Waddell & Reed Investment Management Company ("WRIMCO" or the "Manager").

Each Fund (except Tax-Managed Equity Fund, which does not offer Class Y shares) offers Class A, Class B, Class C and Class Y shares. Effective January 1, 2014, the Funds' Class B shares are not available for purchase by new and existing investors. Class B shares will continue to be available for dividend reinvestment and exchanges from Class B shares of another fund within Waddell & Reed Advisors Funds. Class A shares are sold at their offering price, which is normally net asset value ("NAV") plus a front-end sales charge. For Class A shares, a 1% contingent deferred sales charge ("CDSC") is only imposed on shares purchased at NAV for \$1 million or more that are subsequently redeemed within 12 months of purchase. Class B and Class C shares are sold without a front-end sales charge, but may be subject to a CDSC. Class Y shares are sold to certain institutional investors without either a front-end sales charge or a CDSC. All classes of shares have identical rights and voting privileges with respect to the Fund in general and exclusive voting rights on matters that affect that class alone. Net investment income, net assets and NAV per share may differ due to each class having its own expenses, such as transfer agent and shareholder servicing fees, directly attributable to that class. Class A, Class B and Class C shares have separate distribution and/or service plans. No such plan has been adopted for Class Y shares. Class B shares will automatically convert to Class A shares 96 months after the date of purchase.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by each Fund.

Security Transactions and Related Investment Income. Security transactions are accounted for on the trade date (date the order to buy or sell is executed). Realized gains and losses are calculated on the identified cost basis. Interest income is recorded on the accrual basis and includes paydown gain (loss) and accretion of discounts and amortization of premiums. Dividend income is recorded on the ex-dividend date, except certain dividends from foreign securities where the ex-dividend date may have passed, which are recorded as soon as the Fund is informed of the ex-dividend date. All or a portion of the distributions received from a real estate investment trust or publicly traded partnership may be designated as a reduction of cost of the related investment and/or realized gain.

Foreign Currency Translation. Each Fund's accounting records are maintained in U.S. dollars. All assets and liabilities denominated in foreign currencies are translated into U.S. dollars daily, using foreign exchange rates obtained from an independent pricing service authorized by the Board of Trustees of the Trust (the "Board"). Purchases and sales of investment securities and accruals of income and expenses are translated at the rate of exchange prevailing on the date of the transaction. For assets and liabilities other than investments in securities, net realized and unrealized gains and losses from foreign currency translation arise from changes in currency exchange rates. Each Fund combines fluctuations from currency exchange rates and fluctuations in value when computing net realized gain (loss) and net change in unrealized appreciation (depreciation) on investments. Foreign exchange rates are typically valued as of the close of the New York Stock Exchange ("NYSE"), normally 4:00 P.M. Eastern time, on each day the NYSE is open for trading.

Allocation of Income, Expenses, Gains and Losses. Income, expenses (other than those attributable to a specific class), gains and losses are allocated on a daily basis to each class of shares based upon the relative proportion of net assets represented by such class. Operating expenses directly attributable to a specific class are charged against the operations of that class.

Income Taxes. It is the policy of each Fund to distribute all of its taxable income and capital gains to its shareholders and otherwise qualify as a regulated investment company under Subchapter M of the Internal Revenue Code. In addition, each Fund intends to pay distributions as required to avoid imposition of excise tax. Accordingly, no provision has been made for Federal income taxes. Management of the Trust periodically reviews all tax positions to assess that it is more likely than not that the position would be sustained upon examination by the relevant tax authority based on the technical merits of each position. As of and for the period ended December 31, 2014, management believes that no liability for unrecognized tax positions is required. The Funds are subject to examination by U.S. federal and state authorities for returns filed for tax years after 2009.

Dividends and Distributions to Shareholders. Dividends and distributions to shareholders are recorded by each Fund on the business day following record date. Net investment income dividends and capital gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America ("U.S. GAAP"). If the total dividends and distributions made in any tax year exceeds net investment income and accumulated realized capital gains, a portion of the total distribution may be treated as a tax return of capital.

Segregation and Collateralization. In cases in which the 1940 Act and the interpretive positions of the Securities and Exchange Commission ("SEC") require that a Fund either deliver collateral or segregate assets in connection with certain investments (e.g., dollar rolls, financial futures contracts, foreign currency exchange contracts, options written, securities with extended settlement periods and swaps), the Fund will segregate

collateral or designate on its books and records cash or other liquid securities having a value at least equal to the amount that is required to be physically segregated for the benefit of the counterparty. Furthermore, based on requirements and agreements with certain exchanges and third party broker-dealers, each party has requirements to deliver/deposit cash or securities as collateral for certain investments. Certain countries require that cash reserves be held while investing in companies incorporated in that country. These cash reserves and cash collateral that has been pledged to cover obligations of the Funds under derivative contracts, if any, will be reported separately on the Statement of Assets and Liabilities as "Restricted cash." Securities collateral pledged for the same purpose, if any, is noted on the Schedule of Investments.

Concentration of Market and Credit Risk. In the normal course of business, the Funds invest in securities and enter into transactions where risks exist due to fluctuations in the market (market risk) or failure of the issuer of a security to meet all its obligations (issuer credit risk). The value of securities held by the Funds may decline in response to certain events, including those directly involving the issuers whose securities are owned by the Funds; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency and interest rate and price fluctuations. Similar to issuer credit risk, the Funds may be exposed to counterparty credit risk, or the risk that an entity with which the Funds have unsettled or open transactions may fail to or be unable to perform on its commitments. The Funds manage counterparty credit risk by entering into transactions only with counterparties that they believe have the financial resources to honor their obligations and by monitoring the financial stability of those counterparties. Financial assets, which potentially expose the Funds to market, issuer and counterparty credit risks, consist principally of financial instruments and receivables due from counterparties. The extent of the Funds' exposure to market, issuer and counterparty credit risks with respect to these financial assets is generally approximated by their value recorded on the Funds' Statement of Assets and Liabilities, less any collateral held by the Funds.

Certain Funds may hold high-yield and/or non-investment-grade bonds, which may be subject to a greater degree of credit risk. Credit risk relates to the ability of the issuer to meet interest or principal payments or both as they become due. The Funds may acquire securities in default and are not obligated to dispose of securities whose issuers subsequently default.

Certain Funds may enter into financial instrument transactions (such as swaps, futures, options and other derivatives) that may have off-balance sheet market risk. Off-balance sheet market risk exists when the maximum potential loss on a particular financial instrument is greater than the value of such financial instrument, as reflected on the Statement of Assets and Liabilities.

If a Fund invests directly in foreign currencies or in securities that trade in, and receive revenues in, foreign currencies, or in financial derivatives that provide exposure to foreign currencies, it will be subject to the risk that those currencies will decline in value relative to the base currency of the Fund, or, in the case of hedging positions, that the Fund's base currency will decline in value relative to the currency being hedged. Currency rates in foreign countries may fluctuate significantly over short periods of time for a number of reasons, including changes in interest rates, intervention (or the failure to intervene) by U.S. or foreign governments, central banks or supranational entities such as the International Monetary Fund, or by the imposition of currency controls or other political developments in the United States or abroad.

Inflation-Indexed Bonds. Certain Funds may invest in inflation-indexed bonds. Inflation-indexed bonds are fixed-income securities whose principal value is periodically adjusted to the rate of inflation. The interest rate on these bonds is generally fixed at issuance at a rate lower than typical bonds. Over the life of an inflation-indexed bond, however, interest will be paid based on a principal value, which is adjusted for inflation. Any increase or decrease in the principal amount of an inflation-indexed bond will be included as interest income on the Statement of Operations, even though investors do not receive their principal until maturity.

Interest Only Obligations. These securities entitle the owner to receive only the interest portion from a bond, Treasury note or pool of mortgages. These securities are generally created by a third party separating a bond or pool of mortgages into distinct interest-only and principal-only securities. As the principal (par) amount of a bond or pool of mortgages is paid down, the amount of interest income earned by the owner will decline as well.

Loans. Certain Funds may invest in loans, the interest rates of which float or adjust periodically based upon a specified adjustment schedule, benchmark indicator, or prevailing interest rates, the debtor of which may be a domestic or foreign corporations, partnerships or other entity ("Borrower"). Loans generally pay interest at rates which are periodically redetermined by reference to a base lending rate plus a premium. These base lending rates generally include prime rates of one or more major U.S. banks, LIBOR rates or certificates of deposit rates. Loans often require prepayments from excess cash flow or permit the Borrower to repay at its election. The degree to which Borrowers repay cannot be predicted with accuracy. As a result, the actual maturity may be substantially less than the stated maturities. Loans are exempt from registration under the Securities Act of 1933, may contain certain restrictions on resale, and cannot be sold publicly. A Fund's investments in loans may be in the form of participations in loans or assignments of all or a portion of loans from third parties.

When a Fund purchases assignments, it acquires all the rights and obligations under the loan agreement of the assigning lender. Assignments may, however, be arranged through private negotiations between potential assignees and potential assignors, and the rights and obligations acquired by the purchaser of an assignment may differ from, and be more limited than those held by the assigning lender. When a Fund purchases a participation of a loan interest, the Fund typically enters into a contractual agreement with the lender or other third party selling the participation. A participation interest in loans includes the right to receive payments of principal, interest and any fees to which it is entitled from the lender and only upon receipt by the lender of payments from the Borrower, but not from the Borrower directly. When investing in a participation interest, if a Borrower is unable to meet its obligations under a loan agreement, a Fund generally has no right to enforce compliance with the terms of the loan agreement. As a result, the Fund assumes the credit risk of the Borrower, the selling participant, and any other persons that are interpositioned between the Fund and the Borrower. If the lead lender in a typical lending syndicate becomes insolvent, enters Federal Deposit Insurance Corporation ("FDIC") receivership or, if not FDIC insured, enters into bankruptcy, the Fund may incur certain costs and delays in receiving payment or may suffer a loss of principal and/or interest.

Payment In-Kind Securities. Certain Funds may invest in payment in-kind securities (“PIKs”). PIKs give the issuer the option at each interest payment date of making interest payments in either cash or additional debt securities. Those additional debt securities usually have the same terms, including maturity dates and interest rates, and associated risks as the original bonds. The daily market quotations of the original bonds may include the accrued interest (referred to as a dirty price) and require a pro-rata adjustment from the unrealized appreciation or depreciation on investments to interest receivable on the Statement of Assets and Liabilities.

Securities on a When-Issued or Delayed Delivery Basis. Certain Funds may purchase securities on a “when-issued” basis, and may purchase or sell securities on a “delayed delivery” basis. “When-issued” or “delayed delivery” refers to securities whose terms and indenture are available and for which a market exists, but which are not available for immediate delivery. Delivery and payment for securities that have been purchased by a Fund on a when-issued basis normally take place within six months and possibly as long as two years or more after the trade date. During this period, such securities do not earn interest, are subject to market fluctuation and may increase or decrease in value prior to their delivery. The purchase of securities on a when-issued basis may increase the volatility of a Fund’s NAV to the extent the Fund executes such transactions while remaining substantially fully invested. When a Fund engages in when-issued or delayed delivery transactions, it relies on the buyer or seller, as the case may be, to complete the transaction. Their failure to do so may cause the Fund to lose the opportunity to obtain or dispose of the security at a price and yield WRIMCO considers advantageous. The Fund maintains internally designated assets with a value equal to or greater than the amount of its purchase commitments. The Fund may also sell securities that it purchased on a when-issued or delayed delivery basis prior to settlement of the original purchase.

Custodian Fees. “Custodian fees” on the Statement of Operations may include interest expense incurred by a Fund on any cash overdrafts of its custodian account during the period. Such cash overdrafts may result from the effects of failed trades in portfolio securities and from cash outflows resulting from unanticipated shareholder redemption activity. A Fund pays interest to its custodian on such cash overdrafts, to the extent they are not offset by positive cash balances maintained by that Fund. The “Earnings credit” line item, if shown, represents earnings on cash balances maintained by that Fund during the period. Such interest expense and other custodian fees may be paid with these earnings.

Independent Trustees and Chief Compliance Officer Fees. Fees paid to the Independent Trustees can be paid in cash or deferred to a later date, at the election of the Trustee according to the Deferred Fee Agreement entered into between the Trust and the Trustee(s). Each Fund records its portion of the deferred fees as a liability on the Statement of Assets and Liabilities. All fees paid in cash plus any appreciation (depreciation) in the underlying deferred plan are shown on the Statement of Operations. Additionally, fees paid to the office of the Chief Compliance Officer of the Funds are shown on the Statement of Operations.

Indemnifications. The Trust’s organizational documents provide current and former Trustees and Officers with a limited indemnification against liabilities arising in connection with the performance of their duties to the Trust. In the normal course of business, the Trust may also enter into contracts that provide general indemnification. The Trust’s maximum exposure under these arrangements is unknown and is dependent on future claims that may be made against the Trust. The risk of material loss from such claims is considered remote.

Basis of Preparation. Each Fund is an investment company and follows accounting and reporting guidance in the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 (“ASC 946”). The accompanying financial statements were prepared in accordance with U.S. GAAP, including but not limited to ASC 946. U.S. GAAP requires the use of estimates made by management. Management believes that estimates and valuations are appropriate; however, actual results may differ from those estimates, and the valuations reflected in the accompanying financial statements may differ from the value ultimately realized upon sale or maturity.

Subsequent Events. Management has performed a review for subsequent events through the date this report was issued.

3. INVESTMENT VALUATION AND FAIR VALUE MEASUREMENTS

Each Fund’s investments are reported at fair value. Fair value is defined as the price that each Fund would receive upon selling an asset or would pay upon satisfying a liability in an orderly transaction between market participants at the measurement date. Each Fund calculates the NAV of its shares as of the close of the NYSE, normally 4:00 P.M. Eastern time, on each day the NYSE is open for trading.

For purposes of calculating the NAV, the portfolio securities and other assets are valued on each business day using pricing and valuation methods as adopted by the Board. Where market quotes are readily available, fair value is generally determined on the basis of last reported sales prices, or if no sales are reported, based on quotes obtained from a quotation reporting system, established market makers, or pricing services.

Prices for fixed-income securities are typically based on quotes that are obtained from an independent pricing service authorized by the Board. To determine values of fixed-income securities, the independent pricing service utilizes such factors as current quotations by broker/dealers, coupon, maturity, quality, type of issue, trading characteristics, and other yield and risk factors it deems relevant in determining valuations. Securities that cannot be valued by the independent pricing service may be valued using quotes obtained from dealers that make markets in the securities.

Short-term securities with maturities of 60 days or less are valued on the basis of amortized cost (which approximates value), whereby a portfolio security is valued at its cost initially, and thereafter valued to reflect a constant amortization to maturity of any discount or premium.

Because many foreign markets close before the NYSE, events may occur between the close of the foreign market and the close of the NYSE that could have a material impact on the valuation of foreign securities. Waddell & Reed Services Company (“WRSCO”), pursuant to procedures adopted by the Board, evaluates the impact of these events and may adjust the valuation of foreign securities to reflect the fair value as of the close of the NYSE. In addition, all securities for which values are not readily available or are deemed unreliable are appraised at fair value as determined in good faith under the supervision of the Board.

Where market quotes are not readily available, portfolio securities or assets are valued at fair value, as determined in good faith by the Board or WRSCO pursuant to procedures approved by the Board.

Market quotes are considered not readily available in circumstances where there is an absence of current or reliable market-based data (e.g., trade information or broker quotes), including where events occur after the close of the relevant market, but prior to the NYSE close, that materially affect the values of a Fund's securities or assets. In addition, market quotes are considered not readily available when, due to extraordinary circumstances, the exchanges or markets on which the securities trade do not open for trading for the entire day and no other market prices are available.

The Board has delegated to WRSCO the responsibility for monitoring significant events that may materially affect the values of a Fund's securities or assets and for determining whether the value of the applicable securities or assets should be re-evaluated in light of such significant events. WRSCO has established a Valuation Committee to administer and oversee the valuation process, including the use of third party pricing vendors.

The Board has adopted methods for valuing securities and other assets in circumstances where market quotes are not readily available. For instances in which daily market quotes are not readily available, investments may be valued, pursuant to procedures established by the Board, with reference to other securities or indices. In the event that the security or asset cannot be valued pursuant to one of the valuation methods established by the Board, the value of the security or asset will be determined in good faith by the Valuation Committee in accordance with the procedures adopted by the Board.

When a Fund uses these fair valuation methods applied by WRSCO that use significant unobservable inputs to determine its NAV, securities will be priced by a method that the Board or persons acting at their direction believe accurately reflects fair value and are categorized as Level 3 of the fair value hierarchy. These methods may require subjective determinations about the value of a security. The prices used by a Fund may differ from the value that will ultimately be realized at the time the securities were sold.

WRSCO is responsible for monitoring the implementation of the pricing and valuation policies through a series of activities to provide reasonable comfort of the accuracy of prices including: 1) periodic vendor due diligence meetings to review methodologies, new developments, and process at vendors, 2) daily and monthly multi-source pricing comparisons reviewed and submitted to the Valuation Committee, and 3) daily review of unpriced, stale, and variance reports with exceptions reviewed by management and the Valuation Committee.

Accounting standards establish a framework for measuring fair value and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the factors that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

An individual investment's fair value measurement is assigned a level based upon the observability of the inputs which are significant to the overall valuation.

The three-tier hierarchy of inputs is summarized as follows:

- Level 1 – Observable input such as quoted prices, available in active markets, for identical assets or liabilities.
- Level 2 – Significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market corroborated inputs.
- Level 3 – Significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include assumptions made by the Board or persons acting at their direction that are used in determining the fair value of investments.

A description of the valuation techniques applied to the Funds' major classes of assets and liabilities measured at fair value on a recurring basis follows:

Asset-Backed Securities and Mortgage-Backed Securities. The fair value of asset-backed securities and mortgage-backed securities are estimated using recently executed transactions and based on models that consider the estimated cash flows of each debt tranche of the issuer, establish a benchmark yield, and develop an estimated tranche specific spread to the benchmark yield based on the unique attributes of the tranche including, but not limited to, the prepayment speed assumptions and attributes of the collateral. To the extent the inputs are observable and timely, the values would be categorized in Level 2 of the fair value hierarchy, and otherwise they would be categorized as Level 3.

Bullion. The fair value of bullion is at the last settlement price at the end of each day on the board of trade or exchange upon which they are traded and are categorized in Level 1 of the fair value hierarchy.

Corporate Bonds. The fair value of corporate bonds is estimated using various techniques, which consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (where observable), bond spreads, fundamental data relating to the issuer, and credit default swap spreads adjusted for any basis difference between cash and derivative instruments. While most corporate bonds are categorized in Level 2 of the fair value hierarchy, in instances where lower relative weight is placed on transaction prices, quotations, or similar observable inputs, they are categorized in Level 3 of the fair value hierarchy.

Derivative Instruments. Forward foreign currency contracts are valued based upon the closing prices of the forward currency rates determined at the close of the NYSE provided by an independent pricing service. Swaps are valued by an independent pricing service unless the price is unavailable, in which case they are valued at the price provided by a dealer in that security. Futures contracts traded on an exchange are generally valued at the settlement price. Listed options are ordinarily valued at the mean of the last bid and ask price provided by an independent pricing service unless the price is unavailable, in which case they are valued at a quotation obtained from a broker-dealer. Over-the-counter (“OTC”) options are ordinarily valued at the mean of the last bid and ask price provided by an independent pricing service for a comparable listed option unless such a price is unavailable, in which case they are valued at a quotation obtained from a broker-dealer. If no comparable listed option exists from which to obtain a price from an independent pricing service and a quotation cannot be obtained from a broker-dealer, the OTC option will be valued using a model reasonably designed to provide a current market price.

Listed derivatives that are actively traded are valued based on quoted prices from the exchange and are categorized in Level 1 of the fair value hierarchy. OTC derivative contracts include forward foreign currency contracts, swap agreements, and option contracts related to interest rates, foreign currencies, credit standing of reference entities, equity prices, or commodity prices. Depending on the product and the terms of the transaction, the fair value of the OTC derivative products are modeled taking into account the counterparties’ creditworthiness and using a series of techniques, including simulation models. Many pricing models do not entail material subjectivity because the methodologies employed do not necessitate significant judgments and the pricing inputs are observed from actively quoted markets, as is the case with interest rate swap and option contracts. OTC derivative products valued using pricing models with significant observable inputs are categorized within Level 2 of the fair value hierarchy.

Equity Securities. Equity securities traded on U.S. or foreign securities exchanges or included in a national market system are valued at the official closing price at the close of each business day unless otherwise stated below. OTC equity securities and listed securities for which no price is readily available are valued at the average of the last bid and asked prices.

Mutual funds, including investment funds, typically are valued at the NAV reported as of the valuation date.

Securities that are stated at the last reported sales price or closing price on the day of valuation taken from the primary exchange where the security is principally traded and to the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Foreign securities, for which the primary trading market closes at the same time or after the NYSE, are valued based on quotations from the primary market in which they are traded and categorized in Level 1. Because many foreign securities markets and exchanges close prior to the close of the NYSE, closing prices for foreign securities in those markets or on those exchanges do not reflect the events that occur after that close. Certain foreign securities may be fair valued using a pricing service that considers the correlation of the trading patterns of the foreign security to the intra-day trading in the U.S. markets for investments such as American Depositary Receipts, financial futures, exchange-traded funds, and the movement of certain indices of securities based on a statistical analysis of their historical relationship; such valuations generally are categorized in Level 2.

Preferred stock, repurchase agreements, and other equities traded on inactive markets or valued by reference to similar instruments are also generally categorized in Level 2.

Loans. Loans are valued using a price or composite price from one or more brokers or dealers as obtained from an independent pricing service. The fair value of loans is estimated using recently executed transactions, market price quotations, credit/market events, and cross-asset pricing. Inputs are generally observable market inputs obtained from independent sources. Loans are generally categorized in Level 2 of the fair value hierarchy, unless key inputs are unobservable in which case they would be categorized as Level 3.

Municipal Bonds. Municipal bonds are fair valued based on pricing models that take into account, among other factors, information received from market makers and broker-dealers, current trades, bid-wants lists, offerings, market movements, the callability of the bond, state of issuance, benchmark yield curves, and bond insurance. To the extent that these inputs are observable and timely, the fair values of municipal bonds would be categorized as Level 2; otherwise the fair values would be categorized as Level 3.

Restricted Securities. Restricted securities that are deemed to be both Rule 144A securities and illiquid, as well as restricted securities held in non-public entities, are included in Level 3 of the fair value hierarchy because they trade infrequently, and, therefore, the inputs are unobservable. Restricted securities that are valued at a discount to similar publicly traded securities may be categorized as Level 2 of the fair value hierarchy to the extent that the discount is considered to be insignificant to the fair value measurement in its entirety; otherwise they may be categorized as Level 3.

U.S. Government and Agency Securities. U.S. government and agency securities are normally valued using a model that incorporates market observable data such as reported sales of similar securities, broker quotes, yields, bids, offers, quoted market prices, and reference data. Accordingly, U.S. government and agency securities are normally categorized in Level 1 or 2 of the fair value hierarchy depending on the liquidity and transparency of the market.

Transfers from Level 2 to Level 3 occurred primarily due to the lack of observable market data due to decreased market activity or information for these securities. Transfers from Level 3 to Level 2 occurred primarily due to the increased availability of observable market data due to increased market activity or information. Transfers between levels represent the values as of the beginning of the reporting period.

For fair valuations using unobservable inputs, U.S. GAAP requires a reconciliation of the beginning to ending balances for reported fair values that presents changes attributable to total realized and unrealized gains or losses, purchases and sales, and transfers in or out of the Level 3 category during the period. The beginning of period timing recognition is used for the transfers between Levels of the Funds’ assets and liabilities. In accordance with the requirements of U.S. GAAP, a fair value hierarchy and Level 3 reconciliation, if any, have been included in the Notes to the Schedule of Investments for each respective Fund.

Net realized gain (loss) and net unrealized appreciation (depreciation), shown on the reconciliation of Level 3 investments if applicable, are included on the Statement of Operations in net realized gain (loss) on investments in unaffiliated securities and in net change in unrealized appreciation (depreciation) on investments in unaffiliated securities, respectively. Additionally, the net change in unrealized appreciation for all Level 3 investments still held as of December 31, 2014, if applicable, is included on the Statement of Operations in net change in unrealized appreciation (depreciation) on investments in unaffiliated securities.

The Funds may own different types of assets that are classified as Level 2 or Level 3. Assets classified as Level 2 can have a variety of observable inputs, including, but not limited to, benchmark yields, reported trades, broker quotes, benchmark securities, and bid/offer quotations. These observable inputs are collected and utilized, primarily by an independent pricing service, in different evaluated pricing approaches depending upon the specific asset to determine a value.

4. DERIVATIVE INSTRUMENTS (\$ amounts in thousands unless indicated otherwise)

The following disclosures contain information on why and how the Funds use derivative instruments, the associated risks of investing in derivative instruments, and how derivative instruments affect the Funds' financial positions and results of operations when presented by primary underlying risk exposure.

Forward Foreign Currency Contracts. Each Fund may enter into forward foreign currency contracts ("forward contracts") for the purchase or sale of a foreign currency at a negotiated rate at a future date. Forward contracts are reported on a schedule following the Schedule of Investments. Forward contracts will be valued daily based upon the closing prices of the forward currency rates provided by an independent pricing service determined at the close of the NYSE as provided by a bank, dealer or independent pricing service. The resulting unrealized appreciation and depreciation is reported on the Statement of Assets and Liabilities as a receivable or payable and on the Statement of Operations within the change in unrealized appreciation (depreciation). At contract close, the difference between the original cost of the contract and the value at the close date is recorded as a realized gain (loss) on the Statement of Operations.

Risks to a Fund related to the use of such contracts include both market and credit risk. Market risk is the risk that the value of the forward contract will depreciate due to unfavorable changes in the exchange rates. Credit risk arises from the possibility that the counterparty will default. If the counterparty defaults, a Fund's maximum loss will consist of the aggregate unrealized gain on appreciated contracts that is not collateralized.

Futures Contracts. Each Fund may engage in buying and selling futures contracts. Upon entering into a futures contract, the Fund is required to deposit, in a segregated account, an amount equal to a varying specified percentage of the contract amount. This amount is known as the initial margin. Subsequent payments (variation margins) are made or received by the Fund each day, dependent on the daily fluctuations in the value of the underlying debt security or index.

Futures contracts are reported on a schedule following the Schedule of Investments. Securities held in collateralized accounts to cover initial margin requirements on open futures contracts are identified on the Schedule of Investments. Cash held by the broker to cover initial margin requirements on open futures contracts and the receivable and/or payable for the daily mark to market for the variation margin are noted on the Statement of Assets and Liabilities. The net change in unrealized appreciation (depreciation) is reported on the Statement of Operations. Realized gains (losses) are reported on the Statement of Operations at the closing or expiration of futures contracts.

Risks of entering into futures contracts include the possibility of loss of securities or cash held as collateral, that there may be an illiquid market where the Fund is unable to close the contract or enter into an offsetting position and, if used for hedging purposes, the risk that the price of the contract will correlate imperfectly with the prices of the Fund's securities.

Option Contracts. Options purchased by a Fund are accounted for in the same manner as portfolio securities. The cost of instruments acquired through the exercise of call options is increased by the premium paid to purchase the call. The proceeds from instruments sold through the exercise of put options are decreased by the premium paid to purchase the put.

When a Fund writes (sells) an option, an amount equal to the premium received by the Fund is recorded as a liability. The amount of the liability is subsequently adjusted to reflect the current value of the option written. When an option expires on its stipulated expiration date or a Fund enters into a closing purchase transaction, the Fund realizes a gain (or loss if the cost of a closing purchase transaction exceeds the premium received when the call option was sold), and the liability related to such option is extinguished. When a written call option is exercised, the premium is added to the proceeds from the sale of the underlying instrument in determining whether a Fund has realized a gain or loss. For each Fund, when a written put is exercised, the cost basis of the instruments purchased by a Fund is reduced by the amount of the premium received.

Investments in options, whether purchased or written, involve certain risks. Writing put options and purchasing call options may increase a Fund's exposure to the underlying instrument. With written options, there may be times when a Fund will be required to purchase or sell instruments to meet its obligation under the option contract where the required action is not beneficial to the Fund, due to unfavorable movement of the market price of the underlying instrument. Additionally, to the extent a Fund enters into OTC option transactions with counterparties, the Fund will be exposed to the risk that counterparties to these OTC transactions will be unable to meet their obligations under the terms of the transaction.

Swap Agreements. Each Fund may invest in swap agreements.

Total return swaps involve a commitment to pay periodic interest payments in exchange for a market-linked return based on a security or a basket of securities representing a variety of securities or a particular index. To the extent the total return of the security, index or other financial measure underlying the transaction exceeds or falls short of the offsetting interest rate obligation, the Fund will receive a payment from or make a payment to the counterparty.

The creditworthiness of the counterparty with which a Fund enters into a swap agreement is monitored by WRIMCO. If a firm's creditworthiness declines, the value of the agreement would likely decline, potentially resulting in losses. If a default occurs by the counterparty to such a transaction, the Fund will have contractual remedies pursuant to the agreement related to the transaction. The maximum loss a Fund may incur consists of the aggregate unrealized gain on appreciated contracts that is not collateralized.

Collateral and rights of offset. A Fund may mitigate credit risk with respect to OTC derivative counterparties through credit support annexes ("CSA") included with an International Swaps and Derivatives Association, Inc. ("ISDA") Master Agreement which is the standard contract governing most derivative transactions between the Fund and each of its counterparties. The CSA allows the Fund and its counterparty to offset certain derivative financial instruments' payables and/or receivables against each other and/or with collateral, which is generally held by the Fund's custodian. The amount of collateral moved to/from applicable counterparties is based upon minimum transfer amounts specified in the CSA. To the extent amounts due to the Fund from its counterparties are not fully collateralized contractually or otherwise, the Fund bears the risk of loss from counterparty non-performance. See Note 2 "Segregation and Collateralization" for additional information with respect to collateral practices.

Offsetting of Assets and Liabilities. FASB Accounting Standards Update 2011-11, Disclosures about Offsetting Assets and Liabilities, requires an entity that has financial instruments that are either (1) offset or (2) subject to an enforceable master netting arrangement or similar agreement to disclose information about offsetting and related arrangements to enable users of its financial statements to understand the effect of those arrangements on its financial position.

The following tables present financial instruments subject to master netting agreements as of December 31, 2014:

Assets

Fund	Gross Amounts of Recognized Assets	Gross Amounts Offset on the Statement of Assets and Liabilities	Net Amounts of Assets Presented on the Statement of Assets and Liabilities	Gross Amounts Not Offset on the Statement of Assets and Liabilities			
				Financial Instruments and Derivatives Available for Offset	Non-Cash Collateral Received	Cash Collateral Received	Net Amount Receivable
Asset Strategy Fund							
Investments in unaffiliated securities at value*	\$1,509	\$—	\$1,509	\$ (951)	\$ (293)	\$ (80)	\$185
Unrealized appreciation on forward foreign currency contracts ⁽¹⁾	400	—	400	—	—	(211)	189
Total	\$1,909	\$—	\$1,909	\$ (951)	\$ (293)	\$(291)	\$374
Global Growth Fund							
Unrealized appreciation on forward foreign currency contracts ⁽¹⁾	\$2,270	\$—	\$2,270	\$ —	\$(1,724)	\$ —	\$546
Science and Technology Fund							
Investments in unaffiliated securities at value*	\$1,765	\$—	\$1,765	\$(1,765)	\$ —	\$ —	\$ —
Small Cap Fund							
Unrealized appreciation on swap agreements	\$1,248	\$—	\$1,248	\$ —	\$ (949)	\$ —	\$299

* Purchased options are reported as investments in unaffiliated securities on the Statement of Assets and Liabilities.

(1) Amounts include forward currency contracts that have an offset to an open and close contract, but have not settled. These amounts are included on the Statement of Assets and Liabilities line item for Investment securities sold receivable.

Liabilities

Fund	Gross Amounts of Recognized Liabilities	Gross Amounts Offset on the Statement of Assets and Liabilities	Net Amounts of Liabilities Presented on the Statement of Assets and Liabilities	Gross Amounts Not Offset on the Statement of Assets and Liabilities			
				Financial Instruments and Derivatives Available for Offset	Non-Cash Collateral Pledged	Cash Collateral Pledged	Net Amount Payable
Asset Strategy Fund

(1) Average value outstanding during the period.

(2) Average notional amount outstanding during the period.

Objectives and Strategies

Accumulative Fund. The Fund's objectives in using derivatives during the period included hedging market risk on equity securities and generating additional income from written option premiums. To achieve these objectives, the Fund utilized options, both written and purchased, on individual equity securities.

Asset Strategy Fund. The Fund's objectives in using derivatives during the period included hedging market risk on equity securities, increasing exposure to various equity markets, managing exposure to various foreign currencies, and hedging certain event risks on positions held by the Fund. To achieve the objective of hedging market risk and increasing exposure to equity markets, the Fund utilized total return swaps and option contracts on foreign and domestic equity indices. To manage foreign currency exposure, the Fund utilized forward contracts and option contracts to either increase or decrease exposure to a given currency. To manage event risks, the Fund utilized option contracts, both written and purchased, on individual equity securities owned by the Fund.

Global Growth Fund. The Fund's objective in using derivatives during the period included managing the exposure to various foreign currencies. To achieve this objective, the Fund utilized forward contracts to either increase or decrease exposure to a given currency.

New Concepts Fund. The Fund's objectives in using derivatives during the period included gaining exposure to certain sectors, hedging certain event risks on positions held by the Fund and hedging market risk on equity securities. To achieve these objectives, the Fund utilized options, both written and purchased, on either an index or on individual or baskets of equity securities.

Science and Technology Fund. The Fund's objective in using derivatives during the period was to hedge market risk and individual security exposure in its portfolio. To achieve this objective, the Fund utilized options, both written and purchased, on individual equity securities owned by the Fund and on domestic equity indices.

Small Cap Fund. The Fund's objectives in using derivatives during the period included hedging market risk on equity securities and increasing exposure to various equity sectors and markets. To achieve these objectives, the Fund utilized total return swaps on individual equity securities.

Value Fund. The Fund's objectives in using derivatives during the period included generating additional income from written option premiums and gaining exposure to, or facilitate trading in, certain securities. To achieve these objectives, the Fund utilized written options on individual equity securities.

5. WRITTEN OPTION ACTIVITY (\$ amounts in thousands)

Transactions in written options were as follows:

Fund	Outstanding at 6-30-14	Options written	Options closed	Options exercised	Options expired	Outstanding at 12-31-14
Accumulative Fund						
Number of Contracts	30,923	17,022	(11,938)	(21,521)	(11,894)	2,592
Premium Received	\$ 12,783	\$ 3,484	\$ (3,838)	\$ (8,563)	\$ (3,534)	\$ 332
Asset Strategy Fund						
Number of Contracts	12,015	33,170	(4,157)	(2,452)	(32,204)	6,372

6. BASIS FOR CONSOLIDATION OF THE ASSET STRATEGY FUND

WRA ASF II, Ltd. (the “Subsidiary”), a Cayman Islands exempted company, was incorporated as a wholly owned subsidiary acting as an investment vehicle for the Asset Strategy Fund (referred to as “the Fund” in this subsection). WRA ASF III (SBP), LLC and WRA ASF, LLC (each a “Company”, collectively “the Companies”), Delaware limited liability companies, were incorporated as wholly owned companies acting as investment vehicles for the Fund. Each Subsidiary and Company acts as an investment vehicle for the Fund, in order to effect certain investments for the Fund consistent with the Fund’s investment objectives and policies as specified in its prospectus and SAI.

The Fund’s investment portfolio has been consolidated and includes the portfolio holdings of the Fund, its Subsidiary and the Companies. The consolidated financial statements include the accounts of the Fund, its Subsidiary and the Companies. All inter-company transactions and balances have been eliminated. A subscription agreement was entered into between the Fund and its Subsidiary and each Company comprising the entire issued share capital of the Subsidiary and each Company with the intent that the Fund will remain the sole shareholder and retain all rights. Under the Articles of Association, shares issued by the Subsidiary and each Company confer upon a shareholder the right to receive notice of, to attend and to vote at general meetings of the Subsidiary and each Company and shall confer upon the shareholder rights in a winding-up or repayment of capital and the right to participate in the profits or assets of the Subsidiary and each Company.

See the table below for details regarding the structure, incorporation and relationship as of December 31, 2014 of each Subsidiary and Company to the Fund (amounts in thousands).

Subsidiary/Company	Date of Incorporation	Subscription Agreement	Fund Net Assets	Subsidiary Net Assets	Percentage of Fund Net Assets
WRA ASF II, Ltd.	1-31-13	4-10-13	\$3,325,213	\$254,387	7.65%
WRA ASF III (SBP), LLC	4-9-13	4-23-13	3,325,213	82,524	2.48
WRA ASF, LLC	12-10-12	12-18-12	3,325,213	35,688	1.07

7. INVESTMENT MANAGEMENT AND PAYMENTS TO AFFILIATED PERSONS (\$ amounts in thousands unless indicated otherwise)

Management Fees. WRIMCO, a wholly owned subsidiary of Waddell & Reed, Inc. (“W&R”), serves as each Fund’s investment manager. The management fee is accrued daily by each Fund at the following annual rates as a percentage of average daily net assets:

Fund (M – Millions)	\$0 to \$1,000M	\$1,000 to \$2,000M	\$2,000 to \$3,000M	\$3,000 to \$5,000M	\$5,000 to \$6,000M	Over \$6,000M
Accumulative Fund	0.700%	0.650%	0.600%	0.550%	0.550%	0.550%
Asset Strategy Fund	0.700	0.650	0.600	0.550	0.550	0.550
Continental Income Fund	0.700	0.650	0.600	0.550	0.550	0.550
Core Investment Fund	0.700	0.650	0.600	0.550	0.525	0.500
Dividend Opportunities Fund	0.700	0.650	0.600	0.550	0.550	0.550
Energy Fund	0.850	0.830	0.800	0.760	0.760	0.760
Global Growth Fund	0.850	0.830	0.800	0.760	0.760	0.760
New Concepts Fund	0.850	0.830	0.800	0.760	0.760	0.760
Science and Technology Fund	0.850	0.830	0.800	0.760	0.760	0.760
Small Cap Fund	0.850	0.830	0.800	0.760	0.760	0.760
Tax-Managed Equity Fund	0.650	0.600	0.550	0.500	0.500	0.500
Value Fund	0.700	0.650	0.600	0.550	0.550	0.550
Vanguard Fund	0.700	0.650	0.600	0.550	0.550	0.550

Effective October 1, 2006, under terms of a settlement agreement reached in July 2006 (see Note 14), the fee is payable at the following annual rates for those Funds included in the settlement agreement:

Fund (M – Millions)	\$0 to \$1,000M	\$1,000 to \$2,000M	\$2,000 to \$3,000M	\$3,000 to \$5,000M	\$5,000 to \$6,000M	Over \$6,000M
Accumulative Fund	0.660%	0.640%	0.600%	0.550%	0.550%	0.550%
Asset Strategy Fund	0.690	0.650	0.600	0.550	0.550	0.550

Effective June 29, 2009 through September 30, 2016, the fee is payable at the following annual rates for Continental Income Fund:

Fund (M – Millions)	\$0 to \$1,000M	\$1,000 to \$2,000M	\$2,000 to \$3,000M	\$3,000 to \$5,000M	\$5,000 to \$6,000M	Over \$6,000M
Continental Income Fund	0.680%	0.650%	0.600%	0.550%	0.550%	0.550%

WRIMCO has voluntarily agreed to waive a Fund's management fee on any day that the Fund's net assets are less than \$25 million, subject to WRIMCO's right to change or modify this waiver. See Waivers of Expenses for more information.

Accounting Services Fees. The Trust has an Accounting Services Agreement with WRSCO, doing business as WI Services Company ("WISC"), an affiliate of W&R. Under the agreement, WISC acts as the agent in providing bookkeeping and accounting services and assistance to the Trust, including maintenance of Fund records, pricing of Fund shares and preparation of certain shareholder reports. For these services, each Fund pays WISC a monthly fee of one-twelfth of the annual fee based on the average net asset levels shown in the following table:

(M – Millions)	\$0 to \$10M	\$10 to \$25M	\$25 to \$50M	\$50 to \$100M	\$100 to \$200M	\$200 to \$350M	\$350 to \$550M	\$550 to \$750M	\$750 to \$1,000M	Over \$1,000M
Annual Fee Rate	\$0.00	\$11.50	\$23.10	\$35.50	\$48.40	\$63.20	\$82.50	\$96.30	\$121.60	\$148.50

In addition, for each class of shares in excess of one, each Fund pays WISC a monthly per-class fee equal to 2.5% of the monthly accounting services base fee.

Administrative Fee. Each Fund also pays WISC a monthly fee at the annual rate of 0.01%, or one basis point, for the first \$1 billion of net assets with no fee charged for net assets in excess of \$1 billion. This fee is voluntarily waived by WISC until a Fund's net assets are at least \$10 million and is included in "Accounting services fee" on the Statement of Operations.

Shareholder Servicing. General. Under the Shareholder Servicing Agreement between the Trust and WISC, with respect to Class A, Class B and Class C shares, for each shareholder account that was in existence at any time during the prior month, each Fund pays a monthly fee that ranges from \$1.5042 to \$1.5792; however, WISC has agreed to reduce that fee if the number of total shareholder accounts within the Complex (Waddell & Reed Advisors Funds, InvestEd Portfolios and Ivy Funds) reaches certain levels. For Class Y shares, each Fund pays a monthly fee equal to one-twelfth of 0.15 of 1% of the average daily net assets of the class for the preceding month. Each Fund also reimburses WISC for certain out-of-pocket costs for all classes.

Networked accounts. For certain networked accounts (that is, those accounts whose Fund shares are purchased through certain financial intermediaries), WISC has agreed to reduce its per account fees charged to the Funds to \$0.50 per month per shareholder account. Additional fees may be paid by the Funds to those intermediaries. If the aggregate annual rate of the WISC transfer agent fee and the costs charged by the financial services companies exceeds \$18.00 per account for a Fund, WISC will reimburse the Fund the amount in excess of \$18.00.

Broker accounts. Certain broker-dealers that maintain shareholder accounts with each Fund through an omnibus account provide transfer agent and other shareholder-related services that would otherwise be provided by WISC if the individual accounts that comprise the omnibus account were opened by their beneficial owners directly. Each Fund may pay such broker-dealers a per account fee for each open account within the omnibus account, or a fixed rate fee, based on the average daily NAV of the omnibus account (or a combination thereof).

Distribution and Service Plan for Class A Shares. Under a Distribution and Service Plan for Class A shares adopted by the Trust pursuant to Rule 12b-1 under the 1940 Act, each Fund may pay a distribution and/or service fee to W&R in an amount not to exceed 0.25% of the Fund's average annual net assets. The fee is paid daily to compensate W&R for amounts it expends in connection with the distribution of the Class A shares and/or provision of personal services to Fund shareholders and/or maintenance of shareholder accounts of that class either directly or by third parties. For each of Accumulative Fund, Core Investment Fund and Tax-Managed Equity Fund, the Board of Trustees has limited payments to 0.234%, 0.249% and 0.236%, respectively, of the Fund's average Class A net assets on an annual basis. The Board may in the future, without shareholder approval, authorize payments up to a maximum of 0.25% of the Fund's average Class A net assets on an annual basis, if it determines to do so.

Distribution and Service Plan for Class B and Class C Shares. Under the Distribution and Service Plan adopted by the Trust for Class B and Class C shares, respectively, each Fund may pay W&R a service fee not to exceed 0.25% and a distribution fee not to exceed 0.75% of the Fund's average annual net assets attributable to that class to compensate W&R for its services in connection with the distribution of shares of that class and/or provision of personal services to Class B or Class C shareholders and/or maintenance of shareholder accounts of that class.

Sales Charges. As principal underwriter for the Trust's shares, W&R receives sales commissions (which are not an expense of the Trust) for sales of Class A shares. A CDSC may be assessed against a shareholder's redemption amount of Class B, Class C or certain Class A shares and is paid to W&R. During the period ended December 31, 2014, W&R received the following amounts in sales commissions and CDSCs (\$ amounts rounded to thousands):

	Gross Sales Commissions	CDSC			Commissions Paid ⁽¹⁾
		Class A	Class B	Class C	
Accumulative Fund	\$ 253	\$ —*	\$ 1	\$ —*	\$ 155
Asset Strategy Fund	1,672	4	13	4	1,080
Continental Income Fund	663	2	1	2	456
Core Investment Fund	1,424	2	5	2	896
Dividend Opportunities Fund	206	2	1	—*	140
Energy Fund	209	1	—*	—*	147
Global Growth Fund	96	—*	1	—*	55
New Concepts Fund	524	1	2	—*	340
Science and Technology Fund	1,261	2	4	2	811
Small Cap Fund	291	1	2	—*	190
Tax-Managed Equity Fund	107	1	—*	—*	79
Value Fund	238	1	1	—*	166
Vanguard Fund	244	1	2	—*	153

* Not shown due to rounding.

(1) W&R reallocated/paid this portion of the sales charge to financial advisors and selling broker-dealers.

Waivers of Expenses (\$ amounts rounded to thousands). During the period ended December 31, 2014, the following amounts were waived as a result of the reduced management fees related to the settlement agreement:

Accumulative Fund	\$ 219
Asset Strategy Fund	50
Continental Income Fund	101
Core Investment Fund	302
Global Growth Fund	91
New Concepts Fund	101
Science and Technology Fund	100
Small Cap Fund	86
Value Fund	47
Vanguard Fund	151

For each of Accumulative Fund, Core Investment Fund and Tax-Managed Equity Fund, the Board of Trustees has limited Rule 12b-1 payments to 0.234%, 0.249% and 0.236%, respectively, of the Fund's average Class A net assets on an annual basis. During the period ended December 31, 2014, the following amounts represent the difference between 0.25% and the reduced Rule 12b-1 fees:

Accumulative Fund	\$107
Core Investment Fund	22
Tax-Managed Equity Fund	22

Any amounts due to the funds as a reimbursement but not paid as of December 31, 2014 are shown as a receivable from affiliates on the Statement of Assets and Liabilities.

8. INTERFUND LENDING PROGRAM

Pursuant to an exemptive order issued by the SEC ("Order"), the Trust and the Advisors Fund Complex (Ivy Funds, Ivy Funds Variable Insurance Portfolios and InvestEd Portfolios); referred to with the Funds for purposes of this section as Funds) have the ability to lend money to, and borrow money from, each other pursuant to a master interfund lending agreement ("Interfund Lending Program"). Under the Interfund Lending Program, the Funds may lend or borrow money for temporary purposes directly to or from one another (each an "Interfund Loan"), subject to meeting the conditions of the Order. The interest rate to be charged on an Interfund Loan is the average of the overnight repurchase agreement rate and the short-term bank loan rate. The Funds made no Interfund Loans under the Interfund Lending Program during the period ended December 31, 2014.

9. AFFILIATED COMPANY TRANSACTIONS (All amounts in thousands)

A summary of the transactions in affiliated companies during the period ended December 31, 2014 follows:

12. COMMITMENTS

Bridge loan commitments may obligate a Fund to furnish temporary financing to a borrower until permanent financing can be arranged. In connection with these commitments, the Fund earns a commitment fee, typically set as a percentage of the commitment amount. Such fee income is included in interest income on the Statements of Operations. At December 31, 2014, there were no outstanding bridge loan commitments.

13. FEDERAL INCOME TAX MATTERS (\$ amounts in thousands)

For Federal income tax purposes, cost of investments owned at December 31, 2014 and the related unrealized appreciation (depreciation) were as follows:

Fund	Cost of Investments	Gross Appreciation	Gross Depreciation	Net Unrealized Appreciation
Accumulative Fund	\$1,048,256	\$ 349,261	\$ 24,984	\$ 324,277
Asset Strategy Fund	3,099,800	323,752	109,501	214,251
Continental Income Fund	1,179,975	280,838	10,817	270,021
Core Investment Fund	3,377,464	1,118,890	37,387	1,081,503

Internal Revenue Code regulations permit each Fund to elect to defer into its next fiscal year capital losses incurred between each November 1 and the end of its fiscal year. Each Fund is also permitted to defer into its next fiscal year late-year ordinary losses that arise from the netting of activity generated between each November 1 and the end of its fiscal year on certain specified ordinary items.

Accumulated capital losses represent net capital loss carryovers as of June 30, 2014 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. Under the Regulated Investment Company Modernization Act of 2010 (the "Modernization Act"), a Fund is permitted to carry forward capital losses incurred in taxable years beginning after December 22, 2010 for an unlimited period. Any losses incurred during those future taxable years will be required to be utilized prior to any losses incurred in pre-enactment taxable years which have only an eight year carryforward period. As a result of this ordering rule, pre-enactment capital loss carryovers may expire unused. Additionally, post-enactment capital losses that are carried forward will retain their character as either short-term or long-term capital losses rather than being considered all short-term as under the previous law. The Fund's first fiscal year end subject to the Modernization Act was June 30, 2012. The following table

shows the expiration dates for capital loss carryovers from pre-enactment taxable years and the amounts of capital loss carryovers, if any, by each of the applicable Funds electing to be taxed as a regulated investment company during the year ended June 30, 2014:

Fund	Pre-Enactment					Post-Enactment	
	2015	2016	2017	2018	2019	Short-Term Capital Loss Carryover	Long-Term Capital Loss Carryover
Accumulative Fund	\$—	\$ —	\$—	\$—	\$ —	\$—	\$—

Retirement Shares was merged into Continental Income Fund as of June 29, 2009. At the time of the merger, Retirement Shares had capital loss carryovers available to offset future gains of Continental Income Fund. These carryovers are limited to \$10,702 for each period ending from June 30, 2015 through 2016 plus any unused limitations from prior years.

14. REGULATORY AND LITIGATION MATTERS

On July 24, 2006, WRIMCO, W&R and WRSCO (collectively, “Waddell & Reed”) reached a settlement with the SEC to resolve proceedings brought in connection with its investigation of frequent trading and market timing in certain Waddell & Reed Advisors Funds.

Under the terms of the SEC’s cease-and desist order (“SEC Order”), pursuant to which Waddell & Reed neither admitted nor denied any of the findings contained therein, among other provisions Waddell & Reed agreed to pay \$40 million in disgorgement and \$10 million in civil money penalties.

Pursuant to the terms of the SEC order, the \$50 million in disgorgement and civil penalties, plus accrued interest (“Fair Fund”), must be distributed in accordance with a distribution plan developed by an independent distribution consultant, in consultation with W&R and as approved by the SEC, using a distribution methodology acceptable to the Funds’ Disinterested Trustees. The SEC Order also required that the independent distribution consultant develop the distribution methodology pursuant to which Fund shareholders shall receive their proportionate share of losses, if any, suffered by the Funds due to market timing. On July 15, 2014, the SEC ordered that the Fair Fund be distributed to investors as provided for in the distribution plan.

The foregoing is only a summary of the SEC Order. A copy of the SEC Order and the distribution plan are available on the SEC’s website at www.sec.gov.

CONTINUANCE OF INVESTMENT MANAGEMENT AGREEMENT

Waddell & Reed Advisors Funds

At its meeting on August 12 and 13, 2014, the Trust's Board of Trustees, including all of the Disinterested Trustees, considered and approved the continuance of the existing Investment Management Agreement ("Management Agreement") between WRIMCO and the Trust with respect to each of Waddell & Reed Advisors Accumulative Fund, Waddell & Reed Advisors Asset Strategy Fund, Waddell & Reed Advisors Continental Income Fund, Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors Dividend Opportunities Fund, Waddell & Reed Advisors Energy Fund, Waddell & Reed Advisors International Growth Fund, Waddell & Reed Advisors New Concepts Fund, Waddell & Reed Advisors Science and Technology Fund, Waddell & Reed Advisors Small Cap Fund, Waddell & Reed Advisors Tax-Managed Equity Fund, Waddell & Reed Advisors Value Fund and Waddell & Reed Advisors Vanguard Fund. The Disinterested Trustees were assisted in their review by independent legal counsel and met with such counsel separately from representatives of WRIMCO. The Disinterested Trustees also received and considered a memorandum from their independent legal counsel regarding the Disinterested Trustees' responsibilities in evaluating the Management Agreement for each Fund. This memorandum explained the regulatory requirements pertaining to the Disinterested Trustees' evaluation of the Management Agreement. In addition, the Disinterested Trustees engaged a fee consultant whose responsibilities included managing the process by which the proposed management fees under the Management Agreement were negotiated with WRIMCO.

Prior to the Board meeting, independent legal counsel sent to WRIMCO a request letter for information to be provided to the Trustees in connection with their consideration of the continuance of the Management Agreement with respect to each Fund. WRIMCO provided materials to the Trustees that included responses to the request letter and other information WRIMCO believed was useful in evaluating the continuation of the Management Agreement ("Initial Response"). Thereafter, independent legal counsel sent to WRIMCO a supplemental request letter for certain additional information, and WRIMCO provided additional information in response to this request letter. The Trustees also received reports prepared by an independent third party, Lipper Inc. ("Lipper"), relating to each Fund's performance and expenses compared to the performance of the universe of comparable mutual funds selected by Lipper (the "Performance Universe") and to the expenses of a peer group of comparable funds selected by Lipper (the "Peer Group"), respectively. Further, the Trustees received a written evaluation from the fee consultant. At their meeting, the Trustees received a presentation from representatives of WRIMCO regarding services provided by it and its affiliates (collectively, "W&R") to each Fund. In connection with its deliberations, the Trustees also considered the broad range of information relevant to the Trustees' consideration of the continuance of the Management Agreement with respect to each Fund that is provided by W&R to the Trustees (including its various standing committees) at meetings throughout the year.

Nature, Extent and Quality of Services Provided to the Funds

The Trustees considered the nature, extent and quality of the services provided to each Fund pursuant to the Management Agreement.

The Trustees considered WRIMCO's research and portfolio management capabilities and that W&R also provides oversight of day-to-day fund operations, including but not limited to fund accounting and administration and assistance in meeting legal and regulatory requirements. The Trustees also considered WRIMCO's practices regarding the selection and compensation of brokers and dealers that execute portfolio transactions for each Fund and, as applicable, those brokers' and dealers' provision of brokerage and research services to WRIMCO, and the benefits derived by each Fund and the other funds in the Advisors Fund Complex and by other clients of WRIMCO from such services. The Trustees considered the information provided by WRIMCO regarding its compliance program and compliance matters, if any, over the past year. The Trustees also considered the favorable history, reputation, qualification and background of WRIMCO and W&R's extensive administrative, accounting and compliance infrastructure.

Fund Performance, Management Fee and Expense Ratio. The Trustees considered each Fund's performance, both on an absolute basis and in relation to the performance of its Performance Universe. The Trustees factored into its evaluation of each Fund's performance the limitations inherent in the methodology for constructing a peer group and determining which investment companies should be included in a peer group. Each Fund's performance was also compared to relevant market indices and to a Lipper index, as applicable. In this regard, the Trustees noted that performance, especially short-term performance, is only one of factors that it deems relevant to its consideration of the continuance of the Management Agreement and that, after considering all relevant factors, it may be appropriate to approve the continuance of the Management Agreement with respect to a Fund notwithstanding the Fund's performance.

The Trustees considered the management fees and total expenses of each Fund and also considered each Fund's management fees and total expenses in relation to the management fees and total expenses, respectively, of its Peer Group. The Trustees' review also included consideration of each Fund's management fees at various asset levels in relation to the management fees at those asset levels of funds within a peer group of comparable mutual funds selected by and as shown in the reports from Lipper ("Lipper Group"). They also considered each Fund's non-management fees in relation to the non-management fees of its Peer Group, the amount of assets in each Fund, each Fund's average account size and how those factors affect the Funds' expense ratios. In addition, the Trustees considered, for each Fund, the management fees, if any, paid to WRIMCO (or its affiliate) by other mutual funds managed by WRIMCO (or its affiliate) with a similar investment objective (or objectives) and similar investment policies and strategies as the Fund ("Similar Funds"). The Trustees also considered the subadvisory fees, if any, paid to WRIMCO (or its affiliate) by other mutual funds advised by WRIMCO (or its affiliate), as well as the management fees, if any, paid by other client accounts managed by WRIMCO (or its affiliate), with a similar investment objective (or objectives) and similar investment policies and strategies as the Fund (each of such accounts, an "Other Account").

Additional Considerations with Respect to Each Fund

Waddell & Reed Advisors Accumulative Fund

The Trustees considered that Waddell & Reed Advisors Accumulative Fund's total return performance was lower than the Performance Universe median and the Lipper index for the three-, five-, seven-, and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response explaining that, among other factors, stock selection had adversely affected the Fund's performance over the three-year period. They further considered the year-to-date performance information through June 12, 2014, provided by WRIMCO in its Initial Response and noted that, despite the Fund's underperformance for the three-year and longer periods ended March 31, 2014, the Fund's performance relative to its Performance Universe appeared to be improving.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were lower than the Peer Group medians. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that there are no Other Accounts or Similar Funds managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and strategies as the Fund.

Waddell & Reed Advisors Asset Strategy Fund

The Trustees considered that Waddell & Reed Advisors Asset Strategy Fund's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was lower than the Peer Group median and that the Fund's overall expense ratio was higher than the Peer Group median. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Continental Income Fund

The Trustees considered that Waddell & Reed Advisors Continental Income Fund's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were higher than the Peer Group medians. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at certain asset levels were higher than, and at other asset levels were lower than, the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that the Similar Funds' advisory fees were higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Core Investment Fund

The Trustees considered that Waddell & Reed Advisors Core Investment Fund's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were higher than the Peer Group medians. They considered that the Fund's non-management fee expenses were lower than the Peer Group median on an unadjusted basis and when adjusted for the Fund's smaller average account size. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that the Similar Funds' advisory fees were higher for certain asset levels, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Dividend Opportunities Fund

The Trustees considered that Waddell & Reed Advisors Dividend Opportunities Fund's total return performance was lower than the Performance Universe median and the Lipper index for the three-, five-, and seven-year periods, was higher than the Performance Universe median for the one-year period, was equal to the Performance Universe median for the ten-year period, and was higher than the Lipper Index for the one- and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response. They further considered the year-to-date performance information through June 12, 2014, provided by WRIMCO in its Initial Response and noted that, despite the Fund's underperformance for the three-year and longer periods ended March 31, 2014, the Fund's performance relative to its Performance Universe appeared to be improving. In addition, the Trustees considered the change in the Fund's portfolio manager in 2013.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was lower than the Peer Group median and that the Fund's overall expense ratio was higher than the Peer Group median. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule and that there were no Other Accounts managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and strategies as the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds to evaluate the appropriateness and reasonableness of the Fund's management fee.

Waddell & Reed Advisors Energy Fund

The Trustees considered that Waddell & Reed Advisors Energy Fund's total return performance was higher than the Performance Universe median for the one-, three-, and seven-year periods, was equal to the Performance Universe median for the five-year period, and was higher than the Lipper index for the one-, five-, and seven-year periods for which information was provided, since the Fund did not have a ten-year performance record as of March 31, 2014.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was equal to the Peer Group median and that the Fund's overall expense ratio was higher than the Peer Group median. They considered that the Fund's non-management fee expenses were equal to the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were equal to the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule and that there were no Other Accounts managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and strategies as the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds to evaluate the appropriateness and reasonableness of the Fund's management fee.

Waddell & Reed Advisors International Growth Fund

The Trustees considered that Waddell & Reed Advisors International Growth Fund's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and expense ratio were lower than the Peer Group medians. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at certain asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level and was lower for another asset level, and that there were no Other Accounts managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and strategies as the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds to evaluate the appropriateness and reasonableness of the Fund's management fee.

Waddell & Reed Advisors New Concepts Fund

The Trustees considered that Waddell & Reed Advisors New Concepts Fund's total return performance was higher than the Performance Universe median and the Lipper index for the five-, seven-, and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response explaining that, among other factors, stock selection had adversely affected the Fund's performance over the three-year period. They further

considered the year-to-date performance information through June 12, 2014, provided by WRIMCO in its Initial Response and noted that, despite the Fund's underperformance for the one- and three-year periods ended March 31, 2014, the Fund's performance relative to its Performance Universe was good for the five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were higher than the Peer Group medians. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at certain asset levels were higher than, and at other asset levels were lower than, the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Science and Technology Fund

The Trustees considered that Waddell & Reed Advisors Science and Technology Fund's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was higher than the Peer Group median but that the Fund's overall expense ratio was lower than the Peer Group median. They considered that the Fund's non-management fee expenses were lower than the Peer Group median on an unadjusted basis and when adjusted for the Fund's smaller average account size. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were higher than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that there were no Other Accounts managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and strategies as the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds to evaluate the appropriateness and reasonableness of the Fund's management fee.

Waddell & Reed Advisors Small Cap Fund

The Trustees considered that Waddell & Reed Advisors Small Cap Fund's total return performance was higher than the Performance Universe median and the Lipper index for the five-, seven-, and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response explaining that, among other factors, stock selection and the Fund's underweighting in the healthcare sector had adversely affected the Fund's performance over the three-year period. They further considered the year-to-date performance information through June 12, 2014, provided by WRIMCO in its Initial Response and noted that, despite the Fund's underperformance for the one- and three-year periods ended March 31, 2014, the Fund's performance relative to its Performance Universe was good for the five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were higher than the Peer Group medians. They considered that the Fund's non-management fee expenses were higher than the Peer Group median both on an unadjusted basis and when adjusted for the Fund's smaller average account size. They considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Tax-Managed Equity Fund

The Trustees considered that Waddell & Reed Advisors Tax-Managed Equity Fund's total return performance was higher than the Performance Universe median for the one-, three-, seven-, and ten-year periods and higher than the Lipper index for the seven- and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee and overall expense ratio were lower than the Peer Group medians. They considered that the Fund's non-management fee expenses were lower than the Peer Group median both on an unadjusted basis and when adjusted for the Fund's smaller average account size. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that there was a Similar Fund had an advisory fee schedule that was the same as the Fund's advisory fee schedule and that there were no Other Accounts managed by WRIMCO or its affiliates with a similar investment objective and similar investment policies and

strategies as the Fund. The Trustees considered the relevance of the fee information provided for the Similar Fund to evaluate the appropriateness and reasonableness of the Fund's management fee.

Waddell & Reed Advisors Value Fund

The Trustees considered that Waddell & Reed Advisors Value Fund's total return performance was higher than the Performance Universe median for the one-, five-, seven-, and ten-year periods, and higher than the Lipper index for the five-, seven-, and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response explaining that, among other factors, the Fund's stock selection had adversely affected the Fund's performance over the three-year period. They further considered the year-to-date performance information through June 12, 2014, provided by WRIMCO in its Initial Response and noted that, despite the Fund's underperformance for the three-year period ended March 31, 2014, the Fund's performance relative to its Performance Universe appeared to be improving and was good for the one-, five-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was lower than the Peer Group median and that the Fund's overall expense ratio was higher than the Peer Group median. They considered that the Fund's non-management fee expenses were higher than the Peer Group median both on an unadjusted basis and when adjusted for the Fund's smaller average account size. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Waddell & Reed Advisors Vanguard Fund

The Trustees considered that Waddell & Reed Advisors Vanguard Fund's total return performance was higher than the Performance Universe median for the one-, three-, seven-, and ten-year periods, and higher than the Lipper index for the seven- and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Fund's management fee was lower than the Peer Group median and that the Fund's overall expense ratio was higher than the Peer Group median. They considered that the Fund's non-management fee expenses were higher than the Peer Group median on an unadjusted basis but that, when adjusted for the Fund's smaller average account size, the non-management fee expenses were lower than the Peer Group median. They also considered that, with the breakpoints in the fee schedule, the Fund's effective management fees at various asset levels were lower than the medians for its Lipper Group.

The Trustees also considered that the Similar Funds had advisory fee schedules that were the same as the Fund's advisory fee schedule, except that one Similar Fund's advisory fee was higher for one asset level, and that the Other Accounts had average advisory fees that were lower than the management fee of the Fund. The Trustees considered the relevance of the fee information provided for the Similar Funds and Other Accounts to evaluate the appropriateness and reasonableness of the Fund's management fee. The Trustees recognized that, among other factors, differences in fees paid by the Other Accounts were consistent with the additional management and other services provided by WRIMCO to the Fund.

Profitability and Economies of Scale

The Trustees also considered that the management fee structure of each Fund includes breakpoints that provide for a reduction of payments to reflect anticipated economies of scale. The Trustees also considered the management fee rate reductions that became effective October 1, 2006, and remain in effect for Waddell & Reed Advisors Accumulative Fund, Waddell & Reed Advisors Asset Strategy Fund, Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors International Growth Fund, Waddell & Reed Advisors New Concepts Fund, Waddell & Reed Advisors Science and Technology Fund, Waddell & Reed Advisors Small Cap Fund, Waddell & Reed Advisors Value Fund, Waddell & Reed Advisors Vanguard Fund and certain other funds in the Advisors Fund Complex, and the anticipated impact of the fee rate reduction for each of these Funds on its investment management fees and overall expense ratio. In concluding that the benefits accruing to WRIMCO and its affiliates by virtue of their relationship to each Fund were reasonable in comparison with the costs of providing the investment management services and the benefits accruing to the Fund, the Trustees considered specific data as to WRIMCO's profit with respect to the Fund for a recent period. The Trustees also considered WRIMCO's methodology for determining this data. In addition, the Trustees considered the soft dollar arrangements with respect to Fund portfolio transactions.

In determining whether to approve the proposed continuance of the Management Agreement as to a Fund, the Trustees considered the best interests of the Fund, the reasonableness of the management fee paid to WRIMCO under the Management Agreement, and the overall fairness of the Management Agreement. The Trustees considered the following factors to be of primary importance to their approval of the continuance of the Management Agreement as to a Fund, without any one factor being dispositive:

- the performance of the Fund compared with the performance of its Performance Universe and with relevant indices;
- the Fund's investment management fees and total expenses compared with the management fees and total expenses of its Peer Group;
- the existence or appropriateness of breakpoints in the Fund's management fees;

-
- the Fund's investment management fees compared with the management fees of Similar Funds or Other Accounts managed by WRIMCO (or its affiliate), as applicable;
 - the cost/profitability to WRIMCO and any actual or anticipated economies of scale in relation to the services it provides to the Fund;
 - the other benefits that accrue to WRIMCO as a result of its relationship with the Fund; and
 - the favorable history, reputation, qualification and background of WRIMCO as well as the qualifications of its personnel.

Based on the discussions, considerations and information described generally above, including the evaluation provided by the fee consultant, the Board determined that each Fund's Management Agreement is fair and reasonable and that continuance of the Management Agreement is in the best interests of the Fund. In reaching these determinations as to each Fund, the Board concluded that: the nature, extent and quality of the services provided by WRIMCO for the Fund are adequate and appropriate; except as described above, the performance of the Fund was satisfactory; it retained confidence in WRIMCO's overall ability to manage the Fund; and the management fee paid to WRIMCO is reasonable in light of comparative management fee information, the breakpoints in the management fee for the Fund, the services provided by WRIMCO, the costs of the services provided, and the profits realized and other benefits likely to be derived by WRIMCO from its relationship with the Fund. In the case of certain Funds that underperformed their respective Performance Universe medians and Lipper indices for certain periods of time, based on the assessment and information WRIMCO provided, including as to relevant market conditions and/or remedial actions that WRIMCO had taken or planned to take, such response was satisfactory to the Board.

PROXY VOTING INFORMATION

Waddell & Reed Advisors Funds

Proxy Voting Guidelines

A description of the policies and procedures Waddell & Reed Advisors Funds uses to determine how to vote proxies relating to portfolio securities is available (i) without charge, upon request, by calling 800.777.6472 and (ii) on the Securities and Exchange Commission's ("SEC") website at www.sec.gov.

TO ALL TRADITIONAL IRA PLANHOLDERS:

Waddell & Reed Advisors Funds

As required by law, we are hereby providing notice to you that income tax may be withheld automatically from any distribution or withdrawal from a traditional IRA. A Fund is generally required to withhold taxes unless you make a written election not to have taxes withheld. The election may be made on the distribution/withdrawal form provided by Waddell & Reed, Inc. which can be obtained from your Waddell & Reed representative or by submitting Internal Revenue Service Form W-4P. Once made, an election can be revoked by providing written notice to Waddell & Reed, Inc. If you elect not to have tax withheld you may be required to make payments of estimated tax. Penalties may be imposed by the IRS if withholding and estimated tax payments are not adequate.
